Contracted providers can send in-basket messages to SHPS departments and retrieve remittance advices. Please complete form and email to [ProviderRelations@scrippshealth.org](mailto:ProviderRelations@scrippshealth.org).

[Care Link Access Request form](#)

For password resets and unlocking your Scripps Care Link account please call the IS Service Desk, 858-678-7500.

Please keep us updated with staff who are no longer with your group/facility and were issued access to Scripps Care Link. For security purposes, we want to make sure only current active staff have access to our portal.

## ELECTRONIC FUNDS TRANSFER (EFT)

Complete the EFT Enrollment form [Electronic-funds-transfer.pdf](#) and return your signed form to SHPS by fax (858)260-5851 or email to [ProviderRelations@scrippshealth.org](mailto:ProviderRelations@scrippshealth.org)

A prerequisite is being able to retrieve your ERAs (835 files) via one of our Clearinghouses, Office Ally, or Change.

Once your Vendor EFT is activated, paper Remittance Advices (RAs) will no longer be provided by SHPS.

RAs should be available electronically via your clearinghouse or through Scripps Care Link. Confirm your EFT is active and contact Providers Relations to report any issues.

## PROVIDERS/GROUPS TERMINATING THEIR CONTRACTS

Scripps Health Plan Services (SHPS) requests a minimum of ninety (90) days written notice when providers are seeking to terminate their contracts with SHPS. This allows time to coordinate and ensure members (patients) receive the sixty (60) day notice. In addition, to ensure continuity of care for our members (patients), we request the terminating provider indicate the desired provider for whom all open referrals should be reissued to.

**REMINDER:** Please email [ProviderRelations@scrippshealth.org](mailto:ProviderRelations@scrippshealth.org) when someone has joined or left your practice.

### SENATE BILL 137

Senate Bill 137 defines strict requirements for the accuracy of both online search tools and the provider directory for payors and practitioners in California. The law requires that medical groups and/or plans validate the provider information below once or twice a year based on your contracted Status.

Update your information by completing a Provider Demographic Update Form under Directory Updates on the [SHPS Website](#).

### MEDICAL BILLING TIPS/CPT MODIFIERS

SHPS has received a few questions about **Multiple Procedures modifiers 51 and 59;** and **Bilateral Procedures modifier 50.**

It is important to remember some key points when you are coding submissions.

CMS may not require **modifiers 51, 59, or 50** since their hard-coded logic allows the claims payment reductions on multiple and/or bilateral procedures to adjust payment automatically, per guidelines.

The processing of **modifiers 51, 59, and 50** by any other carrier besides CMS is determined by the carrier. SHPS requires these modifiers to be present on the claim for it to be processed accurately which results in faster reimbursement.

### PAYMENTS

Scripps Health Plan Services and Scripps Health Plan will pay claims at the lesser of its billed charges or at the negotiated rate and/or fee schedule whichever is less.

Scripps Health Plan Services and Scripps Health Plan will not be responsible for paying any amount that exceeds the billed charges.

## SERVICE FEE

A \$15 service fee will apply for copies of Canceled Checks or Remittance Advice effective 7/1/2023.

Once payment is received a copy will be issued.

Please consider signing up for Scripps Care Link and EFT to access copies and avoid the service fee.

## LANGUAGE ASSISTANCE PROGRAM

State and federal law requires that health plans establish a **Language Assistance Program for limited English proficient members**. Providers are required to assist members in accessing language services made available by each health plan. Providers can access a qualified medical language interpreter for office appointments or other member encounters by contacting the member's health plan.

To request interpreter or translation services for SHP members, contact SHP's Customer Service by calling **(844) 337-3700** or TTY **(888) 515-4065**. Face-to-face interpreter service requests must be submitted at least five (5) days prior to an appointment. Should an interpreter not be available for face-to-face services, health plans can also arrange for telephone interpreting services. Scripps Clinic and Coastal providers also have access to interpreters through in-office **Blue Phones** or may contact their Operations Supervisor for assistance.

For SHPS Managed Care members, you can contact SHPS Managed Care Customer Service at **(888) 680-2273** for assistance.

## MATERNITY PROGRAM

### The Maternity Program helps you:

- Coordinate your care to help you manage your pregnancy.
- Get specialized care if you have a high-risk pregnancy.
- Prepare for a new baby.
- Support and coordinate your postpartum care.
- Offer support if you are dealing with a pregnancy loss.
- Manage family planning decisions.
- Learn about breastfeeding and resources.
- Provide a recommendation for doula services.
- Get connected with a doula.

Scripps Health Plan offers doula services as part of our efforts to improve access to pregnancy care. Our goal is a healthy outcome for parent and baby.

One of the other key aspects of a doula is to ensure mother and baby are supported in the social conditions that may affect their overall health, or their social determinants of health.

Continuous doula support during the pregnancy journey may lead to improved health outcomes and offer additional social, emotional, and physical supports for the pregnant and birthing person. Studies have demonstrated that support from non-clinical providers, such as doulas, is associated with lower cesarean rates, fewer obstetric interventions, fewer complications, lower use of pain medication, shorter labor, higher rates of breastfeeding and higher scores on the Apgar test.

With a referral, our members are eligible for the following doula services:

- One (1) initial visit with your doula.
- Up to eight (8) additional visits; these can be a combination of prenatal and postpartum visits.
- Support during labor and delivery (including labor and delivery resulting in a stillbirth), abortion or miscarriage.
- Up to two (2) three-hour postpartum visits.
- 

Members can get doula services up to 12 months after the end of pregnancy.

Consistent, current, and complete documentation in the medical record is an essential component of quality patient care. There are specific elements that reflect a set of commonly accepted standards for medical record documentation. Providers will be required to meet minimum documentation standards to continue participation in the SHPS network. This includes electronic medical record (EMR) documentation. SHPS conducts periodic audits and ongoing oversight of documentation to ensure compliance with such standards. Medical record documentation audit activities are often directed to the PCP; however, audits of other practitioners and ancillary providers will be conducted as directed by the SHPS Compliance Department as a result of claims trends, suspected fraud, waste, or abuse, documentation issues, and/or as directed by any of our Scripps Health Plan Services Committees. Please refer to the “Medical Record Documentation Standards - Tip Sheet” available via the SHP and SHPS websites under [SHP Forms, Credentialing & Dispute Resolution](#) or [SHPS Provider Resources](#).

## NON-DISCRIMINATION IN HEALTH CARE

SHPS requires providers to deliver services to members without regard to race, color, national origin, ancestry, religion, sex, marital status, gender, gender identity, sexual orientation, age, or disability. Provider offices, facilities, equipment, personnel, and administrative services must be at a level and quality necessary to perform duties and responsibilities to meet all applicable legal requirements, including the accessibility requirements of the Americans with Disabilities Act (ADA). Providers are expected to disclose complaints of discrimination to SHPS.
