MEDICAL BILLING TIPS CPT MODIFIERS

SHPS has received a few questions about **Multiple Procedures Modifiers 51 and 59; and Bilateral Procedures Modifier 50.**

It is important to remember some key points when you are coding submissions.

CMS may not require **modifiers 51, 59, or 50** since their hard-coded logic allows the claims payment reductions on multiple and/or bilateral procedures to adjust payment automatically, per guidelines.

The processing of **modifiers 51, 59, and 50** by any other carrier besides CMS is determined by the carrier. SHPS requires these modifiers to be present on the claim for it to be processed accurately which results in faster reimbursement.

Providers/Groups Terminating Their Contract

Reminder - For any provider seeking to terminate their contract with Scripps Health Plan Service (SHPS), and in an effort to coordinate and ensure the member (patients) receive the sixty (60) day notice, SHPS requests a minimum of ninety (90) days written notice. Also, to ensure continuity of care for our members (patients) we request the terminating provider indicate the desired provider for whom all open referrals should be reissued to.

What We Expect From You

It is our priority at SHPS to assist your practice adhere to federal, state, and health plan requirements, such as regulations, reporting, policies and procedures, and industry best practice procedures.

As a Provider of SHPS, you are required to:

- Understand and abide by the Knox Keene Health Care Service Plan Act of 1975 that protects members from receiving bills or statements of any kind. The only exclusions and exceptions are non-authorized services (if member is made aware of financial responsibility in advance and in writing), non-covered services, and/or co-payments
- Provide all covered Hospital or Professional or Ancillary services to members enrolled through SHPS as authorized
- Freely communicate with patients regarding the treatment options available to them, including medication treatment options, regardless of benefit coverage limitations
- Provide all services in a professional manner in adherence with non-discriminatory practices to all members disregarding a member's disability, sex, culture, religion, language, or ethnic background as set forth in Section 1557 of the Affordable Care Act. Verify member eligibility with their responding health plan in a timely manner prior to services being provided. SHPS is not delegated for eligibility verifications and is therefore not able to provide eligibility on behalf of the member's health plan.

In accordance with AB 1184 and CA Civil Code 56.107, SHP will not require members who can consent to sensitive services (e.g., mental, or behavioral health, sexual and reproductive health, sexually transmitted infections, substance use disorder, gender affirming care, and intimate partner violence) to obtain the subscriber's authorization to receive or submit a claim for such services. Further, SHP shall direct all communications regarding a member's receipt of sensitive services directly to the member.

SHPS Compliance Plan

Providers can view the SHPS Compliance Plan on the [SHP](#) and [SHPS](#) websites under provider resources.

How to Report Compliance Concerns

There are multiple ways to report compliance concerns, including potential fraud, waste, and abuse:

- Notify your supervisor or manager
- Notify SHPS Compliance Department: SHPSCompliance@scrippshealth.org
- Notify SHPS Chief Compliance Officer: Pantovic.Linda@scrippshealth.org or (858) 927-5360
- Anonymously through the Scripps Health Compliance and Patient Safety Alert line ([online](#) or by phone 1-888-424-2387)

Medical Record Documentation Standards

Consistent, current, and complete documentation in the medical record is an essential component of quality patient care. There are specific elements that reflect a set of commonly accepted standards for medical record documentation. Providers will be required to meet minimum documentation standards to continue participation in the SHPS network. This includes electronic medical record (EMR) documentation. SHPS conducts periodic audits and ongoing oversight of documentation to ensure compliance with such standards. Medical record documentation audit activities are often directed to the PCP; however, audits of other practitioners and ancillary providers will be conducted as directed by the SHPS Compliance Department as a result of claims trends, suspected fraud, waste, or abuse, documentation issues, and/or as directed by any of our Scripps Health Plan Services Committees. Please refer to the “Medical Record Documentation Standards - Tip Sheet” available via the SHP and SHPS websites under [SHP Forms, Credentialing & Dispute Resolution](#) or [SHPS Provider Resources](#).

Standards of Conduct – Doing the Right Thing

[Scripps Health Standards of Conduct](#) serves as a primary education and communication tool that demonstrate how Scripps’ mission and values influence patient care, conduct daily business, interact with each other, and make everyday decisions. It is everyone’s responsibility for upholding these guiding principles and for providing care and conducting business in a manner consistent with these standards. Scripps Health has relevant and specific compliance guidance for physicians, advanced practice clinicians, vendors, and third parties.

Language Assistance Program (LAP)

State and federal law requires that health plans establish a **Language Assistance Program for limited English proficient members**. Providers are required to assist members in accessing language services made available by each health plan. Providers can access a qualified medical language interpreter for office appointments or other member encounters by contacting the member's health plan.

To request interpreter or translation services for SHP members, contact SHP's Customer Service line by calling **(844) 337-3700**, or TTY **(888) 515-4065**. Face-to-face interpreter service requests must be submitted at least five (5) days prior to an appointment. Should an interpreter not be available for face-to-face services, health plans can also arrange for telephone interpreting services. Scripps Clinic and Coastal providers also have access to interpreters through in-office **Blue Phones** or may contact their Operations Supervisor for assistance.

For SHPS Managed Care members, you can contact SHPS Managed Care Customer Service at **(888) 680-2273** for assistance.

Non-discrimination in Health Care

SHPS requires providers to deliver services to members without regard to race, color, national origin, ancestry, religion, sex, marital status, gender, gender identity, sexual orientation, age, or disability. Provider offices, facilities, equipment, personnel, and administrative services must be at a level and quality necessary to perform duties and responsibilities to meet all applicable legal requirements, including the accessibility requirements of the Americans with Disabilities Act (ADA). The Health Industry Collaborative Effort (HICE) has prepared [Better Communication, Better Care: Provider Tools to Care for Diverse Populations](#). Provider guidance on civil rights is also available on the U.S. Department of Health and Human Services (HHS) [website](#).

Providers are expected to disclose complaints of discrimination to SHPS. If you or a member believe that SHPS has failed to provide language services or has discriminated against an individual in another way, a grievance may be submitted to the SHPS Appeals & Grievances Department in person or by mail, phone, fax, email, or online:
